(54) DEVICE AND METHOD FOR IMAGE EDITING

(57)Abstract:

PROBLEM TO BE SOLVED: To lay an image out beautifully and easily in a page when the image inputted by an image input means, etc., is laid out in the page.

SOLUTION: An initial layout part 113 of an automatic layout part 105 lays images inputted from the image input part 106 out in one page and a layout evaluation part 114 evaluates the layout result. Further, an arbitrary effect is specified among more than one effect previously registered from an operation instruction part 111 and based on the specified effect, the automatic layout part 105 automatically sets layout conditions of the image, which is laid out under the set layout conditions.

LEGAL STATUS

[Date of request for examination] 21.02.2005

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
